If you want to send materials to the LWG beforehand, here are my notes. I talked to Laura yesterday before the RAO meeting. She said the LWG presentation got cut down considerably, and they will not present the latest risk results. It will mostly be the same presentation from August 2007.

I will be at the FS meeting this afternoon, and then available tomorrow morning.

- Mike

Judy, I made a few changes. I will be on a conference call from 9 to noon today and then at the dentist until about 1:30 PM.

Do you think we need to send this to the LWG to look at before the meeting? It might be a good idea.

P.S. Is "recreationist" a word?

Dana, Mike, Chip - Here is some updated text for the EPA brochure. We may want to fold in some more DEQ references as well. I didn't get quite as far on it as I hoped, but I think it's far enough along for your review and comment. Judy
